Aim of the Strategy

To develop an effective communications strategy that will:

- Help achieve EGHS goals and strategies as outlined in the Strategic Plan 2019-2022
- Engage effectively with key stakeholders including staff, patients, consumers, carers, auxiliaries, community, government, donors
- Demonstrate and promote successful achievements of EGHS
- Ensure stakeholders better understand what we do
- Change behaviour and perceptions where necessary
- Set out key communication objectives
- Is guided by findings from available research
- Defines the East Grampians Health Service key target audiences
- Identifies key messages for each target audience
- Outlines existing communication channels and identifies new channels
- Provides detail on ongoing media activity including the public relations approach
- Details the primary communication channels for planned campaigns
- Will be evaluated and refined on an ongoing basis using results of social media analytics reports

The Communication and Marketing Strategy provides a framework for delivering the East Grampians Health Service Strategic Plan goals.

The Communication and Marketing Strategy sets out a two tiered approach to communication planning, these being external and internal:

- Planned campaigns will run regularly at various times of the year to inform, promote specific services, programs, activities and events
- Ongoing media activity underpins the campaigns with ongoing delivery of key messages to all target audiences

Through communicating ongoing key messages in a positive way or being open and transparent in communicating adverse outcomes, East Grampians Health Service will build trust, stronger links and value perceptions with the community.

The East Grampians Health Service website is the gateway for the community to find out detailed information and to provide links to opportunities for two-way communication, including complaints. The intranet is a platform for staff.

More two-way communication between East Grampians Health Service and its target audiences will provide a platform for better community and staff engagement and health service performance.

Within the Communication and Marketing Strategy, there is scope for ongoing support of major community events and activities through sponsorship arrangements, with tailored messages as appropriate.

Current Situation

East Grampians Health Service (EGHS) is a rural health service, as registered by the Department of Health, delivering a comprehensive range of programs and services to the community that are accessed through in-patient, residential, home and community-based services.

The services and programs are located and delivered at Ararat and Willaura as well as operating through the Local Government Area of Ararat Rural City. EGHS has gained a reputation for innovation, excellence, sustainability and growth through its demonstrated leadership and commitment to improving the health of the community.

Services and programs include Clinical, Perioperative Services, Aged Care, Medical Imaging, Community Services, Executive Services, Medical Services, Development and Improvement, Support Services, Pyrenees House Education Centre, and Finance Services.

The Health Service currently has 81 Aged Care beds (12 at Willaura), 36 Acute beds (8 at Willaura), 4 Urgent Care Cubicles, 2 Operating Theatres, 6 Dialysis Chairs, 8 Chemotherapy Chairs, 4 Dental Chairs, 1 Dental Chair at Hopkins Correctional Centre, 1 Dental Chair at Langi Kal Kal, 1 Dental Chair in the mobile dental truck, Day Centres (Patricia Hinchey Centre – Ararat; Willaura), Specialist Consulting Rooms, Pyrenees House Conference and Education Centre, Community Nursing (District Nursing, Palliative Care and Healthy at Home), Community Health Centre (Allied Health clinicians).

Patient figures (for the 2020-2021 year) include: Births – 117, Urgent Care Centre presentations – 8008 (includes COVID-19 swabbing), Inpatient Unit bed days – 4743, Perioperative Unit patients treated – 1813.

Objectives

East Grampians Health Service's vision is to be a leader in rural health care and its mission is to improve the community's health and quality of life through strong partnerships and by responding to changing needs. The Communication Strategy aims to:

- Enhance EGHS's reputation as a provider of excellent service and an employer of choice
- Increase accountability and transparency
- Increase level of patient care through effective communications (especially digital)
- Demonstrate leadership through innovative initiatives
- Build greater community participation and engagement with EGHS activities
- Raise awareness of new initiatives
- Develop greater employee engagement

The Communication and Marketing Strategy has the following key principal objectives:

1. To better inform the community and staff of the services and activities carried out by East Grampians Health Service in line with the goals outlined in the Strategic Plan.
2. To enhance and encourage two-way communication with all members of the community and staff.
3. To drive community participation and engagement with the Health Service, activities and events provided by or supported by East Grampians Health Service, including raising awareness of the Building for the Future Foundation
4. To better inform and communicate to the public and staff about the high quality service that EGHS provides to the public.
5. Build a reputation and reinforce reputation and service delivery.
6. To develop a service that is responsive to the community needs, improve health status and experiences of our community, expand service workforce and system capacity, to continually improve and innovate, increase accountability and transparency and to utilise E- Health and communication technology.
7. To develop and build key initiatives to strengthen the service delivery capabilities of the health service.
8. To develop a better framework for internal communications.

Target Audience

East Grampians Health Service target audiences have specific information and communication requirements. Different target audiences consume media in different ways with digital and social media usage increasing across most target audience groups.

A target audience centered approach to communication will allow communication planning to be broken down into strategies that can be customised for each target audience group.

Target audience 1: The Ararat and district community – those who live, work and utilise the Health Service, including patients, clients and consumers.

This group consists of a number of sub-groups, including:

- Young people aged 12-22
- Disadvantaged community members
- Students
- Families with young children
- Men and women aged 20-45
- Men and women 45+
- Seniors / Aged care people
- Persons with a disability
- Carers
- Culturally and linguistically diverse groups
- Aboriginal and Torres Strait Islander people
- LGBTIQ

- Community groups
- Schools
- Tertiary educational Institutions
- Current staff and potential staff
- Building for the Future Foundation
- Volunteers and Auxiliaries including the EGHS Auxiliary, EGHS Residents’ Support Group, Patricia Hinchey Centre Auxiliary, Ark Toy and Activity Library Auxiliary and Willaura Healthcare Auxiliary, and Murray to Moyne Cycle Relay committee and riders

Target audience 2: Staff including Visiting Medical Officers

Target audience 3: Businesses, retailers, business organisations and peak bodies

Target audience 4: Non-local residents – state-wide visitors, potential donors and sponsors

Target audience 5: Department of Health, Victorian government bodies including other regional health services, and Local, State and Federal Government

Measurement of Implementing Communication and Marketing Strategy/ Evaluation Plan

The Communication and Marketing Strategy will be measured annually and a report provided by the Community Liaison Officer based on the following:

- Feedback from consumer forums
- General feedback from the community and staff
- Statistics and activity via EGHS social media platforms
- Feedback from consumer complaints and concerns
- Demonstrated comparison of performance over time
- Annual report submitted to the Board evaluating the Communication and Marketing Strategy's performance for the year
